BUILDING NOTES, TOWN AND COUNTRY

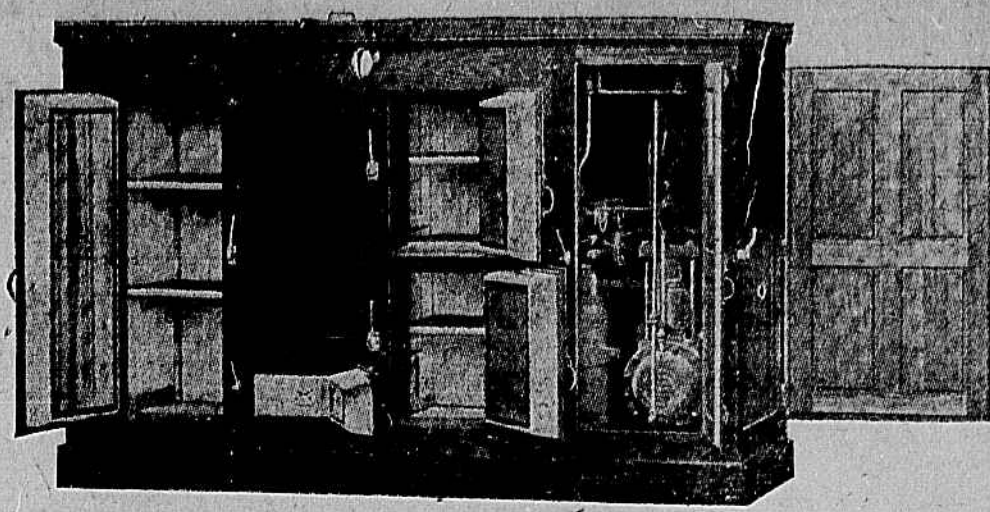

Optimism Everywhere — Evidence of Prosperity Shown in House Building in Richmond.

"I never saw the people of Richmond more in the building humor than now," thus spoke a real estate agent to The Times-Dispatch yesterday. Being asked for the basis of his faith, this man of business said: "Well, you see our concern has a great deal of money to lend out on real estate security. As a rule we prefer to lend this money to people who own lots and want to build on them for home or investment purposes. I have never known such demand for this kind of money. There is but one logical conclusion, and that is that Richmond people have been doing well, have bought lots and are building homes. If this does not mean that the building boom is to continue what does it mean?"

Optimism Everywhere.
The architects and the boss builders confirm the optimistic view of the real estate agent and money lender who is noted above. They say the records in their offices show that there is increased inquiry for plans and building terms on the part of home-makers, and they have every reason to suppose that the building boom in Richmond and the suburbs is to continue into the winter months, and in fact through all of the winter that is on ahead.

In the suburbs there is much activity among builders. In Brookland Park three new houses were commenced during the past week, and ground was broken for the same number in Barton Heights, Chestnut Hill and Highland Park are not behind their neighbors, and all over and about the Northside there is business among the carpenters and brick-layers.

Ginter Park Rushing.
Development work is going forward without interruption in Ginter Park.

We invite you to inspect The Brunswick Household Ice Making and Refrigerating Machine and Hygienic Ice-Making and Sanitary Refrigerator for the Home, now installed and operating at our store, Nos. 8 and 10 South Ninth street.

Remember that every coat of paint adds about 75 cents per square to the cost of a roof, and is a lot of bother as well; particularly if the roof requires it every year or two.

J-M ASBESTOS ROOFING requires no coating or painting to preserve it. It is made of Asbestos—an indestructible mineral—not a paper or wool felt. Resists fire, water, decay and rust and is the only permanently durable ready roofing made.

Asbestos is an Asbestos Siding for buildings and is the most economical, durable and easily applied siding known.

Ask for samples and prices.

Phone 1423.

Work was begun on the northern block of Hawthorne (Cottage) Avenue, and within a few days it will be macadamized, sewered and the water mains laid. The first sale in this block was made a few days ago. The company will sell a limited number of these choice lots for \$1,000; then the prices will be advanced substantially.

Mrs. Thomas C. Darst has moved into her new residence, recently built on Noble Avenue, and Messrs. J. Wirt Bowles, Oscar H. Cranz and A. W. Lamb will soon be in their new homes. All of these are on Noble Avenue, two blocks east of the car line.

The homes of Rev. C. C. Hersman, Mrs. Rosa G. Tynes, John Garland Pollard and C. B. Garnett, on Seminary Avenue, are nearing completion, as are also those of Mr. R. M. Kent, Alexander F. Ryland, P. A. Houghton, C. P. Cadot and Marshall M. Gilliam, on Seminary Avenue.

Two handsome homes are being built on Hawthorne Avenue, and "Richmond Hall," of the Union Theological Seminary, is rapidly taking shape. This will be a very handsome addition to the already striking group of buildings.
